## About

Staff PM with 10+ years scaling AI products and revenue platforms at global tech companies. Built and shipped an AI voice/chat agent from zero to thousands of paying customers, delivering a **+15pp booking conversion lift**. Specializing in agentic AI orchestration, revenue platforms, and scaling cross-functional teams.

## Experience

### Practice Better

**Staff Product Manager – AI Labs, Onboarding & Personalization** Mar 2026 – Present

- Leading two product areas: AI Labs (net-new AI capabilities and scaling existing AI features) and Onboarding & Personalization (practitioner activation and time-to-value)
- Launched **5 AI features to 100%** in under 2 months
- Defining AI product strategy for the org and pioneering internal AI adoption

### Housecall Pro

~3 Years

**Senior Product Manager II, HCP Assist & AI**

Oct 2024 – Mar 2026

- Led 0-to-1 launch of autonomous AI voice/chat product; scaled to **thousands of paying customers** with a **+15pp lead conversion lift**
- Directs "AI Layer" squad – orchestration, prompting strategy, and quality of AI interactions across the platform
- Mentors PMs on leveraging LLMs (Claude, GPT-4, Gemini) to accelerate discovery and output
- Oversees "Lead-to-Job" flow across several squads, focusing on agentic AI

**Senior Product Manager, HCP Assist**

May 2023 – Oct 2024

- Redesigned onboarding: 14-day manual process → **90%+ "On The Call"**, avg setup time 1.5 hours
- **+10pp call conversion** by standardizing and digitalizing customer intake for 100+ virtual assistants
- Reduced avg call length from 3.5 → 3.0 min; significantly decreased agent error rates

### Indeed

~8 Years

**Senior Product Manager, International Platforms**

Jan 2021 – Mar 2023

- Built a Developer Portal for partner teams – API references and UI libraries across global markets
- Built no-code internal tool for non-technical users → **+40% A/B test cycles**
- Managed 2 PMs directly, dotted-line for 4 PMs/Analysts focused on international metadata and taxonomy

**Product Manager, International Platforms**

Feb 2018 – Dec 2020

- Pitched and secured funding for Brazil localization project – led through MVP and validation
- Selected as 1 of 12 global leads for Indeed University – mentored new PM/engineering hires

**International Product Analyst (Senior & Associate)**

Jul 2015 – Jan 2018

- Developed long-term growth strategies for international markets – localization, SEO, and search quality
